

New era of sophistication

散发知性美的珠宝新时代

Pavé diamond rings from the Éternel Collection of New York-based luxury jeweller Marija Iva
纽约奢华珠宝品牌Marija Iva的Éternel系列密镶钻石戒指

1

Jewellers are unlocking fresh levels of refinement with collections that combine understated elegance with artistic imagination. Geometric elements dominate the overall design narrative, highlighting the contemporary buyer's penchant for innovation and minimalism. Themed collections meanwhile celebrate spring and rebirth with perennially loved flora and fauna inspirations. Of course, at the heart of each jewellery piece is the modern woman – spontaneous, dignified and empowered.
